

Wednesday 15 October 2014, 12:30 to 14:00

Lebanon Room (D-209), FAO, Rome

CFS41 Side Event

# THE 2<sup>nd</sup> INTERNATIONAL CONFERENCE ON NUTRITION (ICN2) AND SUSTAINABLE FOOD SYSTEMS POST-2015

---

## Advancing Nutrition from ICN2 to post-2015 Which role for CFS?

---

This symposium, organized by the UN System Standing Committee on Nutrition, will present current work on the ICN2 draft Framework for Action, its focus on sustainable food systems and connection to the CFS Global Strategic Framework on Food Security and Nutrition. As the first high-level intergovernmental forum dedicated solely to the global nutrition problems of the 21<sup>st</sup> century, the ICN2 aims to bring together nutrition, food systems and health in one platform. ICN2 will bring better nutrition for all and a wider definition of food systems, with the commitment to link its outcomes to the Post-2015 development agenda in a call for a 'Decade of Action'. The moderated discussion will address the role of the CFS in the 'Decade of Action' and nutrition in the post-2015 era. [www.unscn.org](http://www.unscn.org)

Light refreshments will be served outside the Lebanon Room.  
English, French, and Spanish Interpretation Service will be available .
